

Society of Anaesthetists of Wales
Cymdeithas Anaesthetyddion Cymru
Bursary Information

The Society of Anaesthetists of Wales / Cymdeithas Anaesthetyddion Cymru is an organisation representing all anaesthetists in Wales. The aim of the society is to foster clinical and scientific development of members and to enhance the practice of anaesthesia in Wales.

Awards from SAW are available to assist any anaesthetist working in Wales. The Society will also consider applications from foundation doctors and medical students. Awards will be granted for projects that advance knowledge and expertise in perioperative medicine.

Applications will also be considered to fund travel for research or education purpose.

Applications that support work for charitable organisations will also be considered.

We do not accept applications for the following:

- Funding for higher education qualifications
- Funding for conferences/webinars/study days/ courses that would normally be expected to be covered by a reasonable study leave budget from your NHS trust (however, we appreciate study leave budgets are limited- please contact us if you have questions regarding this and we can try and help)

1. Amount of award

The maximum amount of award to be made will be at the discretion of the SAW Council and will be dependent on funds available. We try to offer 2-3 bursaries per year.

Typically, applications for over £1,500 will not be considered. However, please contact us if you have a project that requires more than this amount and we can try and find a way to help.

2. Application form

Electronic applications only will be accepted for the review process. Applications for an award are to be returned to the SAW Secretary:

sawcouncil.secretary@gmail.com

Only one application from an individual will be considered.

Please download the MSWord version of the application form via our website

3. Date for submitting applications

Applications can be made at any time in the academic year (August to July).

4. Terms and conditions

Applicants for SAW bursaries are agreeing to the following:

- The Society may request supplemental information at any point during the project. We may also ask you to present the application to our council.
- You are will be expected to present your project at a SAW meeting within 12 months of project completion.
- Reference must be made to this assistance from the Society of Anaesthetists of Wales in any publication or presentation pertaining to the funded project or activity.

5. Further Details

For further information please contact the SAW secretary on sawcouncil.secretary@gmail.com
